

1954 Classmates update page

I received this from a classmate of Sonia Melichar Callahan's. It is a message from Sonia:

Hi Everyone Here I am in full glory by my art quilt at the show opening at the Richmond Museum yesterday.

Besides quilts made by art quilters, there were quilts honoring those who lived in Japanese Internment Camps. I was able to speak with several of these women and am amazed at what positive, special women they are. Sonia

If you have a message or picture or both that you would like to send to your classmates let me know as it gives classmates joy to see current pictures of classmates. If you can't make it to a reunion you can still let us see you by sending a photo with information letting people know how you are doing. Trust me you are missed. I will put the picture and information here on this page.

Send the info to ErvHarmon@aol.com
